***CZstudio associati realizes urban projects, masterplans, architecture and landscape projects for the territory transformation and the construction of complex urban spaces, linking urban spaces, infrastructures, mobility and resources management.***

CZstudio associati has been founded in 2006 by architects Paolo Ceccon and Laura Zampieri to realize architecture and landscape projects and researches. The office currently develops projects and works related to complex urban spaces transformation, public and private parks, landscape architecture projects for infrastructures, mobility and environmental resources management. The office is present in the international scene and have won awards including: the 'Architecture Honor Award, AIA\_New York Chapter' USA 2013, for the Jesolo Lido Condominium Building project (with Richard Meier and Partners), the 'International Architecture Prize Barbara Cappochin-Provincial Prize', IT 2013, for Padua train station new squares. CZstudio was also finalist for the 'XIV City of Oderzo Architecture Award' IT 2014, for the 'Gold Medal for Italian Architecture Award' Triennale di Milano, IT 2012, for the 'Il and V Rosa Barba International Landscape Prize' Barcelona, ES, 2001 and 2008. Our realized projects where also selected and published by the 'Landscape Architecture Europe', LAE Foundation, Wageningen, the Netherlands in 2008 and 2010.
